Chimney

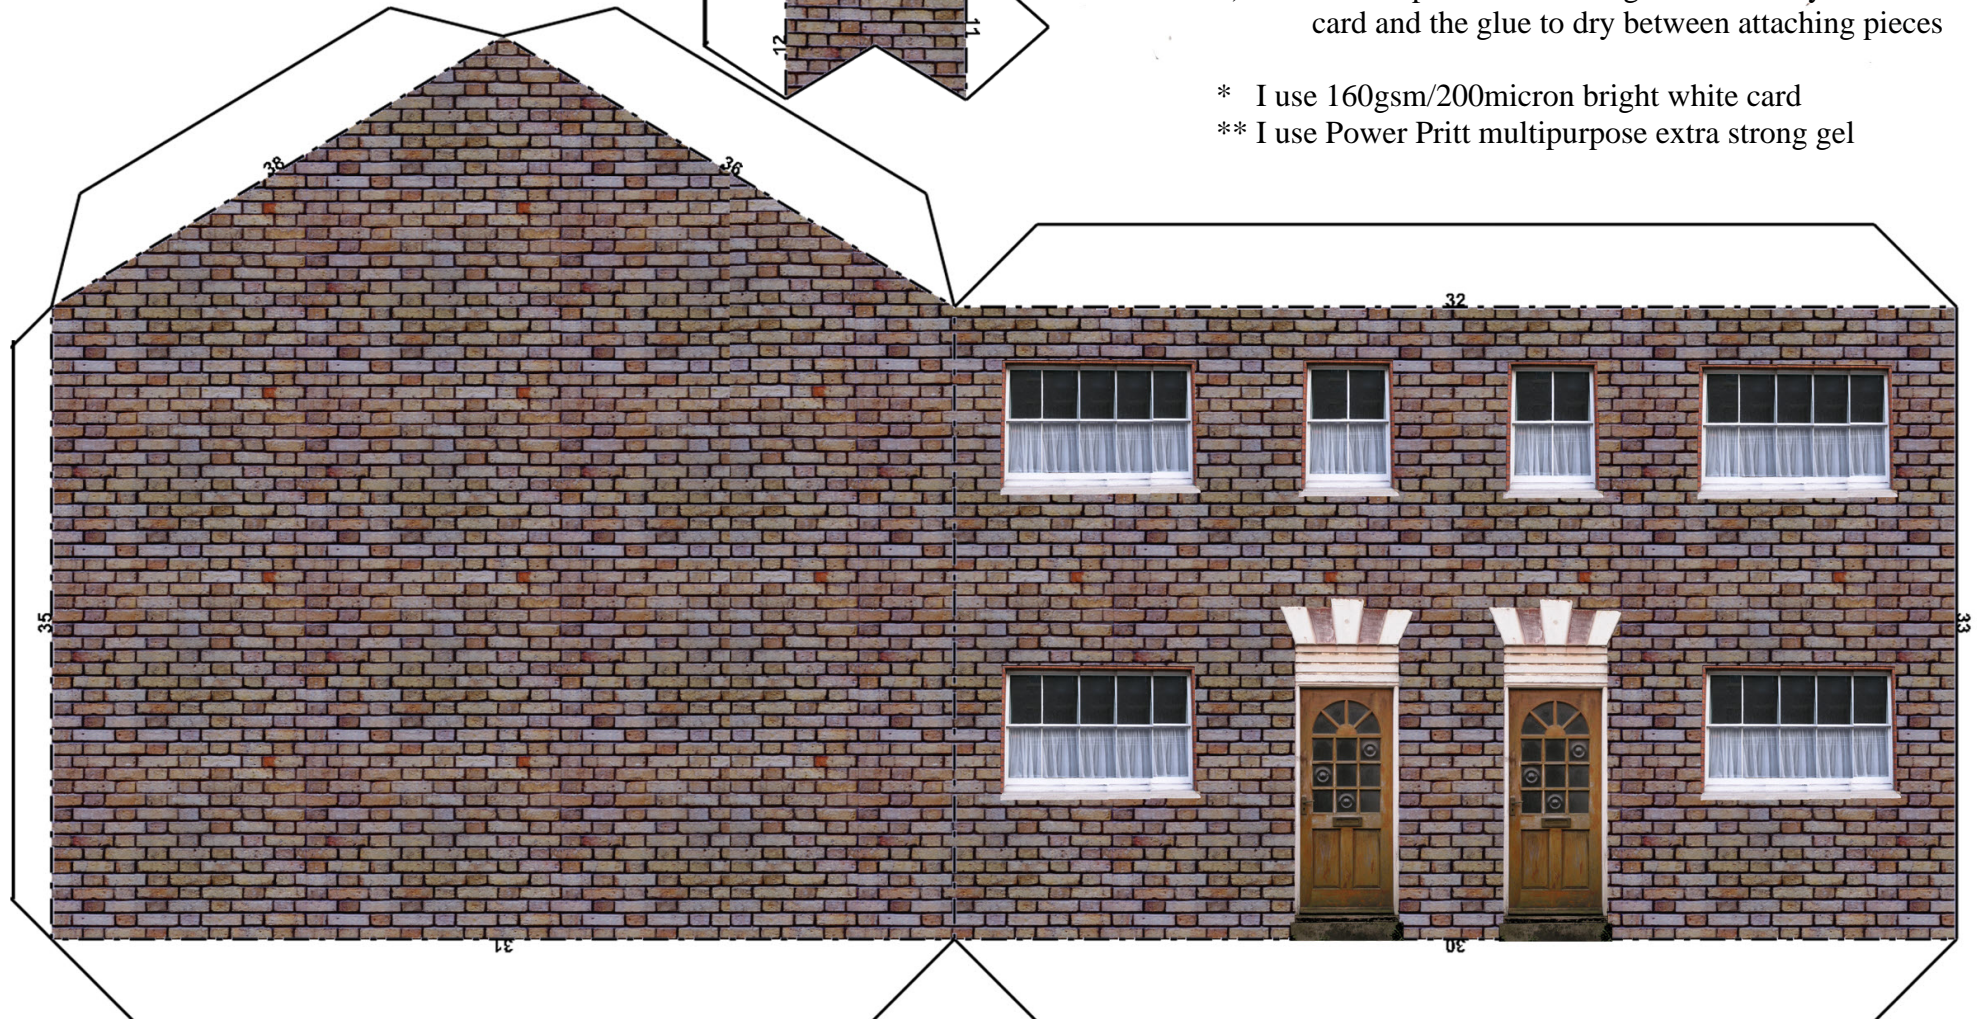

## Requires

- 1) A colour printer
- 2) 3 sheets of A4 lightweight, stiff card suitable for your printer \*
- 3) A sharp craft knife and cutting board or a good pair of scissors
- 4) A steel rule
- 5) Glue \*\*
- 6) A little patience allowing the ink to dry on the card and the glue to dry between attaching pieces

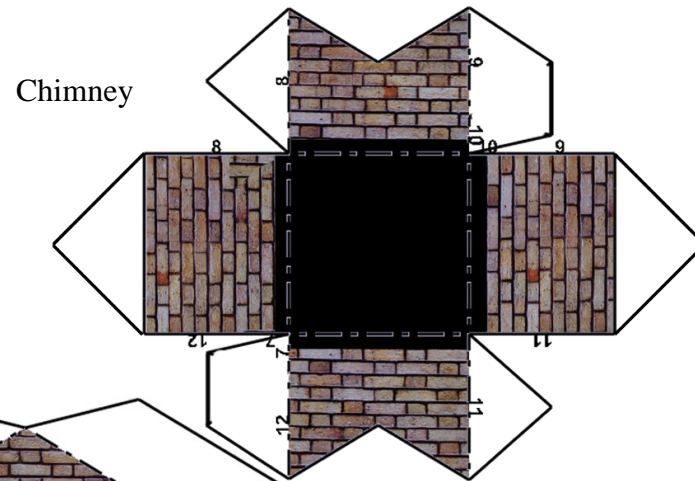

\* I use 160gsm/200micron bright white card

\*\* I use Power Pritt multipurpose extra strong gel

Front

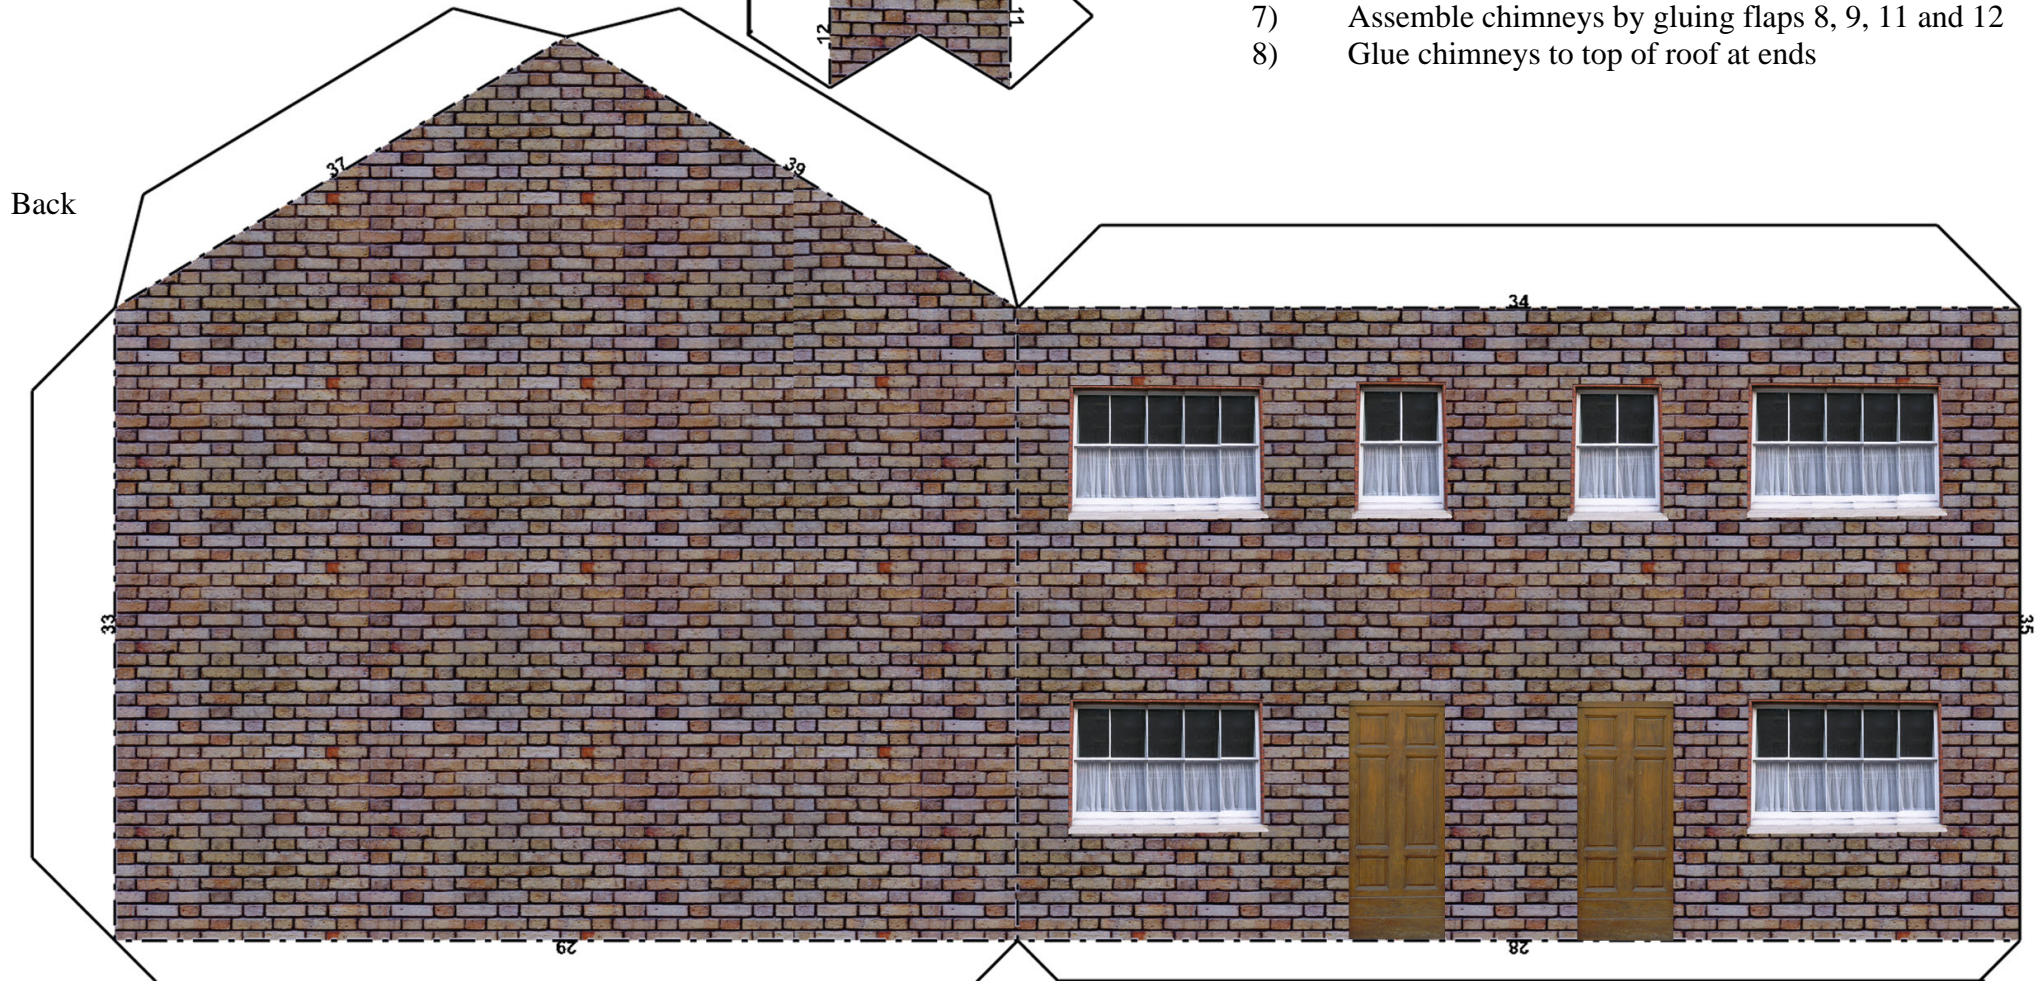

Chimney

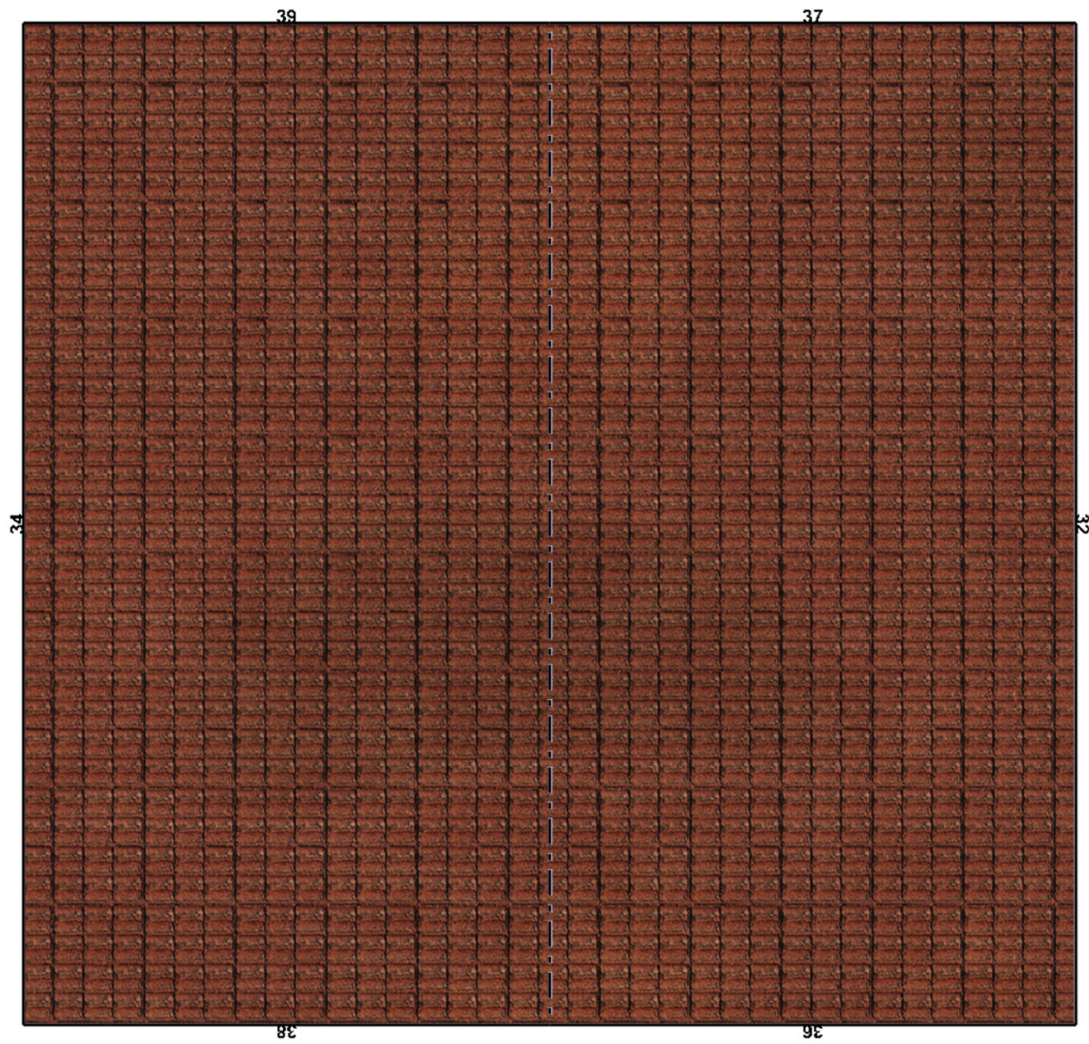

## Assembly Instructions

- 1) Print all sheets onto lightweight stiff card
- 2) Cut out all the pieces
- 3) Fold flaps and make creases in roof, back and front
- 4) Glue front section to back section using flaps 33 and 35
- 5) Glue roof to top using flaps 32, 34, 36, 37, 38 and 39
- 6) For added rigidity glue on base using flaps 28, 29, 30 and 31
- 7) Assemble chimneys by gluing flaps 8, 9, 11 and 12
- 8) Glue chimneys to top of roof at ends
